FINE DINING | Stephan Pyles Restaurant

Located next door to the Dallas Museum of Art and the Fashion Industry Gallery, Stephan Pyles is host to many local celebrities and prominent Dallasites. His unique gourmet meals make the Dallas Arts District even more of a destination. One of his favorites includes the Seared Foie Gras-Corn Pudding Tamale with Pineapple Mole and Canela Dust. Fresh corn is puréed, roasted, and mixed into a masa dough with a dash of maple syrup. Fresh tamales are then steamed and served with seared foie gras, with mole made from fresh and dried pineapples, chiles, tortillas, almonds, and herbs. For more of Cadillac's favorites, check out the full menu in advance at StephanPyles.com.
